

Space Exploration Technologies

July 2, 2017

Dear Vaibhav Choudhary:

We invite you to attend the SpaceX Hyperloop Pod Competition Weekend II on August 25-27, 2017, as a member of the Hyperloop India team. We understand that you will be entering the United States pursuant to the B-1 visa issued and approved by the United States for temporary business activities, which is permissible under the Immigration and Nationality Act and related U.S. Department of State regulations, including 22 C.F.R. § 41.31.

The purpose of your visit to SpaceX headquarters will be to participate in the Pod testing and final competition of the Hyperloop Pod Competition II, a science and engineering competition involving university student teams from around the world designing, building, and testing Hyperloop transport pods. More information about the competition can be found at [SpaceX.com/Hyperloop](http://SpaceX.com/Hyperloop).

We will send more details later this summer with regard to the exact schedule. Please feel free to contact us with any questions you might have in the meantime at [hyperloop@spacex.com](mailto:hyperloop@spacex.com).

Best Regards,

A handwritten signature in cursive script, reading "Lilian Haney".
