To Whom It May Concern:

Google Inc. is pleased to let you know that Vaibhav Choudhary successfully completed the Google Summer of Code 2016 program, which was administered from our Corporate Headquarters at 1600 Amphitheatre Parkway, Mountain View, CA 94043.

Vaibhav developed open source software with our sponsorship for BeagleBoard.org. Vaibhav worked from home on his project and was not required to visit either Google or BeagleBoard.org's offices. Vaibhav worked as a Student Developer beginning April 22, 2016 and ending on August 23, 2016. He received a stipend of $5500 for the project.

More information on Vaibhav's project, "Exposing the PRU as a SPI, I2C Master Controller," can be found at: https://summerofcode.withgoogle.com/projects/#4792326748635136

Although Vaibhav was not directly employed by Google Inc. during participation in Google Summer of Code, the program was administered by Google and Google Inc. acted as the host organization for the duration of Vaibhav's participation.

Should you require any further information, please do not hesitate to contact me via email at joshuasimmons@google.com or you can contact our team email at gsoc-support@google.com.

Best,

Joshua Simmons
Google Summer of Code Program Manager
